RANKING COURSES - SEMESTER: ________________

1. Rank this semester’s courses according to how interested you expect to be:
   Most: __________________________________________________________
   Least: _________________________________________________________

2. List according to the amount of background you already have:
   Most: _________________________________________________________
   Least: _________________________________________________________

3. List them according to how well you expect each to match your learning style (e.g., lecture vs discussion, time of day, kind of testing, amount of reading and writing):
   Best match: _____________________________________________________
   Least: _________________________________________________________

4. List them according to the amount of reading required, according to the syllabus:
   Most reading: __________________________________________________
   Least reading: _________________________________________________

5. List them according to how you expect them to rank in terms of difficulty:
   Hardest: _______________________________________________________
   Easiest: ________________________________________________________

6. List your courses according to how you expect them to rank by grade:
   Highest grade: _________________________________________________
   Lowest grade: _________________________________________________
